

Licensed Certifiers

If you have a significantly modified vehicle or a non-standard vehicle, it must be inspected by a NSW Government accredited representative, known as a VSCCS Licensed Certifier or an Approved Vehicle Examiner. The Heavy Vehicle National Law requires Approved Vehicle Examiners to certify modified heavy vehicles. For VSCCS purposes an 'Approved Vehicle Examiner' is a licensed certifier licensed to certify vehicle components or vehicles with a GVM >4.5 tonnes.

Pending NHVR implementation date modifications of heavy vehicles which have been approved by approved vehicle examiners in other states and territories (other than Western Australia) are acceptable in NSW. VSCCS licensed certifiers are therefore not required to reinspect a heavy vehicle in regard to modifications which have been approved by an approved vehicle examiner. Refer to www.nhvr.gov.au for further information.

Vehicle and competency categories

Licensed certifiers are only authorised to assess vehicles and modifications that are within their particular areas of expertise. An explanation of the vehicle and modification categories is set out below.

Vehicle category	Field of competency						
	Modified vehicles					Whole vehicles	
	Braking systems (C1)	Driving controls or aids (C2)	Seating or occupant protection (C3)	Engine, fuel systems or intake/ exhaust systems (C4)	Body, chassis or frame, suspension, steering, transmission or driveline, wheels, tyres or axles or lighting systems (C5)	Imported vehicle (IP)	All other vehicles (including individually constructed vehicle (AOV))
Motorcycle (M)	MC1	MC2	MC3	MC4	MC5	MIP	MAOV
Passenger vehicles (including buses <= 4.5 tonnes) (P)	PC1	PC2	PC3	PC4	PC5	PIP	PAOV
Bus GVM > 4.5 tonnes (B)	BC1	n/a	BC3	BC4	BC5	BIP	BAOV
Light commercial (L)	LC1	LC2	LC3	LC4	LC5	LIP	LAOV
Medium and heavy vehicles and trailers (H)	HC1	HC2	HC3	HC4	HC5	HIP	HAOV

Please note: where a certifier has licence sub-category only eg HC5.6 you should speak to the certifier to confirm that they are licensed to certify the type of modifications you have undertaken.

Licensed Certifiers

The table below shows a list of RMS approved **VSCCS Licensed Certifiers** as at the date of publication of this bulletin. This list will be updated regularly as new licences are issued.

Some Licensed Certifiers may provide a mobile certification service. You should discuss this with the individual Licensed Certifier.

✓ indicates that no category restriction applies i.e. all categories for that vehicle type can be certified.
